GREEN OASIS' RESIDENTIAL AND
ACREAGE SERVICES ARE A SMART
CHOICE TO ENSURE A HEALTHY
LAWN AND YARD.

SOIL DRENCH – INSECT / DISEASE MANAGEMENT

Your home is the single largest investment that you likely will ever make. It is a source of pride and we want to help put a smile on your face every time you walk up your driveway, by helping to create a healthy lawn and yard for you to admire and enjoy year-round.

Soil Drench

Do you have a tree with special needs, perhaps it is being attacked by pests or disease? By using techniques such as soil drenching we are able to apply product to the base of the plant or tree (root zone) to provide targeted, deep penetration, to help improve its health.

This can help control pests such as aphids, leaf miners and more.

We also offer the following services: Fertilizer and Weed Control Packages; Fertilizer, Weed Control or Vegetation Control; Tree and Shrub Deep Root Fertilization; Spring and Fall Clean Ups; Mowing; and Deep Core Aeration. Please contact your local office for a quote based on the number of trees requiring treatment.
